Olympic Opening Ceremony

Last Friday morning the children from Prep—grade 6 paraded through the hall in their Olympic country costumes. We learned some of the Italian, Gaelic, Malaysian language, heard the Indian National Anthem and watched a native South African dance. The colourful costumes, posters and flags were wonderful, well done!

On Tuesday, our Senior students went to Queenscliff to learn about our ocean environment at the Marine Discovery Centre. Children took part in a workshop where they learned about turtles, fish and seastars. Daniel O’Donnell says his favourite part was learning that turtles can grow to be enormous.
